Complemented Jeannette on the Tuesday night dinners.

Vice Commodore's Report

Friday night dinner cost us money, but we have supplies to buy for more than expected. Tuesday night bar made \$250, \$70 in raffle Girls Inc., \$70 for kids, 70 people here, 9 members were here. Shirley is submitting amounts for PICYA for credits. Wants to tell members that the club will be open to use on Memorial weekend. **Action:** Get a thermometer showing who and how much.

Rear Commodore

Coke machine is fixed and full of soda.

Port Captain and Harbor Committee

Building the docks on the dry docks really works well. Confident that we could build A dock for around \$48,000. We only need 240 feet of new dock.

Motion: Choose one contractor, and receive permission to go forward with the dredging and piling, not to exceed the attached quotes.

Port Captain and Harbor Committee Cont.

Proposed: Kim

Second: Peter

Discussion: Need to see contract from a "Need to See" contract from a legal perspective.

Vote: unanimous

We appear to be on the right track and your Board Members are watching their budgets closely.
